### New Compact design

Compact but more Powerful CK2810 comes with new streamlined hood design, which improves visibility and service ability of the operator. A vertical opening hood allows for easy access to the air filter, fluid service, use box and electrical components for inspection.

### Powerful Environmentally Friendly Engine

The Powerful Environmentally Friendly 28hp "Green" Engine will offer operator quietest, smoothest but most powerful working condition.

### Operator Station

All control levers are easy to reach and allow the operator to work in comfort. The instrument panel is easily visible and the operator can monitor all operations at a glance.
