

## 6390 MODEL

### Baler

“ The balers 6390 machines are lighter and smaller than the 6690 models, but most technical choices are similar. Nevertheless they offer a very good performances that will certainly satisfy the needs of most professional farmers. ”

The lower weight and the reduced dimensions provide better maneuverability especially in the small and medium size fields, soft terrains or when it's necessary to haul the machines on long, narrow roads.

The standard machines are already rich of useful features, the electric bale counter, knotter fan, the hydraulic pick-up lift and the adjustable draw-bars of hydraulic types are standard accessories on this model. Optional accessories are also available, wide angle PTO shaft and pick-up wheel with tire.
