

Sprayer: Vertical Vineyard Boom

Available Models: LG 200, LG 300, LG 400

The **Vertical Vineyard Boom** sprayer is designed specifically for orchards, berry and vineyards where low horsepower and compact tractors are a necessity. The poly tank is constructed from the highest quality material, ensuring impact resistance, UV stabilization and long chemical resistance life. The Vineyard sprayer uses A.R. pumps and controls, which guarantees low maintenance and cost effective parts. The heavy duty zinc plated steel tubular frame is standard, which allows for a long life under the worst of conditions. The Vineyard sprayer is a must for the professional grower.

Features:

- Tank capacity: 53-106 U.S. gallons
- Built-in clean water hand wash safety tank
- Hinged tank lid with basket strainer
- External tank level sight gauge
- White high density polyethylene tank
- Annovi Reverberi/Hypro diaphragm pump
- Annovi Reverberi controller
- Left and right manual shutoff control valve
- Hot galvanized frame
- Includes standard PTO shaft
- Recommended Tractor – 30 HP and above
