

- Electrostatic spray, not easy to paint.
- It is well matched with the engine, so that the engine can always work in the most economical speed range. The engine speed and gearbox position can be controlled at will, the operation is simple, and the driving smoothness is good.

TUV Rheinland CE approved Rubber Track gasoline powered by 300kg tracked dumper.

## POWER WITHOUT COMPROMISE

This is an phenomenal efficient, aggressive, fast, compact and impressive beast, and emission compliant, what reasons do you have for refusing it?

## TECHNICAL SPECIFICATIONS

	<b>T30</b>
Engine	Single cylinder, four stroke, air cooling
Displacement	196cc
Engine brand	Ducar, other famous brand
Fuel Tank	1.2L
Start	Recoil
Transmission type	Transaxle 3 forward/1 reverse speed
Driven	Chain driven 4x4
Loading capacity	300kg
Traveling speed	0-5.5 KM/H
Belt	KEVLAR 1 pc
Power	3.8KW
Wheel	Front 4.00-8, Rear 4.00-8
Packing Size	1110x770x870 mm
Weight (N.W./G.W.)	158 / 143 kg

### FASTER, STRONGER, MORE EFFICIENT.

Mini Dumper T30 is a handy and powerful power barrow, with 4 wheel drive you can go nearly anywhere. Manual with four forward and one reverse gear. The 4 wheel chain driven offers considerable advantage over friction driven designs used on similar machines.

### YOUR YARD MASTER

The strong steel bucket has a large 300kg capacity great for all sorts of different tasks.
